

ST MARY'S COLLEGE DRESS CODE POLICY

All staff, students and visitors should make every effort to reflect the College's values of cohesion, equality, respect & harmony and the need for open and balanced communication and understanding.

We would like to remind students that it is College policy that they do not have their faces obscured in any way by hats, cycle helmets, veils, hoods or any other items, as it is important that all students on the College premises can be recognised, either in person or by reviewing CCTV pictures.

Staff, students and visitors are also asked to avoid wearing any items of clothing which may cause offence, eg inappropriate language, slogans or revealing clothing.

If, for any reason, you feel unable to comply with this request, please ask for a private consultation with a member of the Senior Management Team.
