STUDENTS, PLEASE NOTE

These services should not run earlier than the times shown but delays by factors outside our control can happen. Please be patient if your bus does not appear when expected. **We recommend that you be at your stop a few minutes early.**

The buses stop only on request so please **SIGNAL CLEARLY** when the bus approaches and **DO NOT** assume that a regular driver is behind the wheel. A new or temporary driver may be unfamiliar with the stops normally in use. We do not want to miss you!

Display the pass you have paid for, preferably by wearing it on the college lanyard. Delays are caused by drivers having to request sight of it. We often obstruct traffic and cause frustration for other drivers even at bus stops. Be prepared for pass checks at the college.

Please use the bins provided. We do our best to try to keep the vehicles tidy but you can help. Drivers clean the vehicles at the end of the day, and it helps if passengers are tidy. We are grateful for your consideration.

Please direct any questions regarding these services to **Ms. Lakhi** at **SMC Central** on **01254 586 976** or **01254 580 464.**
